Mark Sheinkman, "New Paintings" at Lennon, Weinberg, Inc. Through March 4, 2017

Sheinkman's first solo show at Lennon Weinberg tracks a subtle shift in his long-standing painterly love affair with the photographic gray scale. A former professional photographer, his keen sense of value takes on a new freedom arrived at through greater license in the handling of the paint. As a result, his most successful compositions oscillate across a greater dynamic range of darks and lights, which, aided by the unconcealed movement of the hand, produce an unanticipated drama: the unveiling of a sublimity that despite the coolness of his earlier work had always been lurking below the surface.
